

# Let Your Voice Lead The Way

New

## NX604

2-DIN DVD MULTIMEDIA STATION WITH BUILT-IN NAVIGATION/SMART ACCESS

Power Output: 18W x 4 RMS (4Q@14.4Vs1% THD+N)  
Signal to Noise Ratio: 76dB (Ref. 1W into 4Ω)

Enjoy the music, videos and apps from your Smartphone through the NX604's large touch screen.

## Intelligent VOICE™ powered by Google™

### Smart Access Simple, Flexible & Powerful

The Smart Access cloud platform developed by Clarion allows smartphones to connect to a wealth of information through various contents and applications, by way of cloud service platform. Powerful capabilities are made simple because they're accessed through apps on your smartphone, connected to a Smart Access compatible unit. Just say the word, and Clarion Intelligent VOICE™ powered by Google™ finds the POI destination you're looking for. Drive at the forefront of what's happening, with Clarion.

### The Easy Way To Enjoy Applications That Integrate With a Smartphone

Smart Access allows you to easily enjoy the apps you like on your NX604, through Smartphone integration. Link your car with your life for navigation, weather, news, internet radio, and SNS (Social Networking Service).

### Searching Couldn't Be Simpler

Just say what's on your mind, like "I'm hungry," and it searches for you. Clarion Intelligent VOICE™ utilizes Google voice recognition technology and Google local search information to do just that. Think out loud, and the system searches Google for a destination that meets your needs. Gone are the days of word-based search leading to lots of false hits. Clarion Intelligent VOICE™ understands your meaning, making it genuinely simple.

### The Latest Cloud-Based Information at Your Disposal

All you need to do is speak whatever comes to mind. Clarion Intelligent VOICE™ will automatically sift through the enormous pool of information based on the phrase you've just spoken. Searching for potential locations and facilities, as well as displaying business hours, reviews, and other details.

# No Buttons To Push! Just Talk to the System in a Natural, Conversational Way

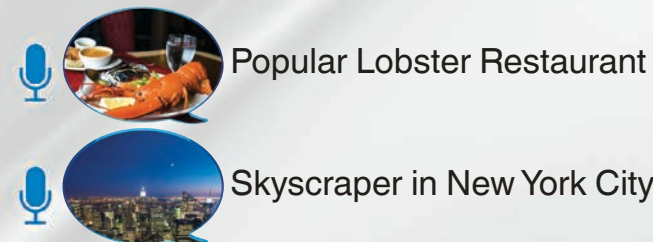

Unlike a typical search based on a limited set of predetermined command-driven words, this system enables searching by saying any words that come to mind, so even long phrases are possible. This relieves you from the tedium and stress of searching by conventional means.

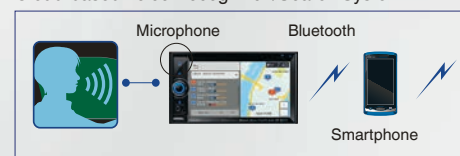

## Even If You Mess Up a Word Here or There, Intelligent VOICE™ Still Understands You

You can search for anything that comes to mind, just like you do on your PC or smartphone. Even if you only partially remember something or mispronounce it, Intelligent VOICE™ searches through a wealth of

up-to-date Google local search information and presents to you the candidates that are the closest phrases. Unlike past systems that required precise wording, this new technology allows more casual interaction to find your destination.

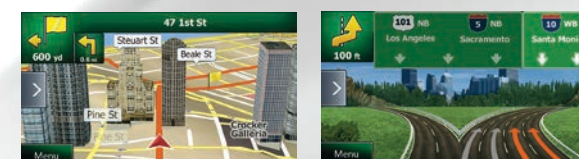

Cloud-based Voice Recognition/Search System

# Smart, Advanced Functionality with Full Cloud Connectivity

## Superior GPS Car Navigation Keeps You On Track Every Time

The onboard car navigation system features iGO primo® with map coverage of all 50 states plus Puerto Rico and Canada. It includes more than 11 million of Points Of Interest, and supports English, French, and Spanish.

## RDS-TMC Information

Provides instant road condition updates from local traffic control centers via RDS-TMC (Traffic Message Channel). Additionally, the re-route feature lets you avoid traffic jams by choosing other roads.

## Smartphone Connectivity\* for Seamless Enjoyment of Your Favorite Music

You can connect your smartphone to the NX604 and access the content that is stored on it.\*\* Your device can be operated from the NX604's control panel with sound coming through the car's speaker system.

\* Please see our website for details of compatible smartphones and apps. <http://www.clarion.com/us/en/support/index.html>

\*\* For video playback, an optional cable is required.

**Bluetooth® for Hands-Free Communication and Stereo Audio Streaming**

**Enjoy Interactive Pandora® internet radio Anytime on The Road**

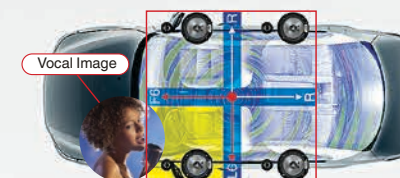

## HD Radio™ for Digital Quality Sound and Rich Information

The built-in HD Radio tuner receives digital radio signals with high quality.

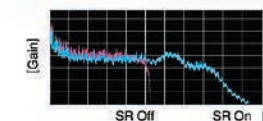

## Intelligent Tune: Clarion's Exclusive Sound Technology

Intelligent Tune was developed to turn the car interior into a perfect listening environment. It features Vocal Image Control to move the vocal to a specific seat in the car, Sound Restorer for full quality sound reproduction of compressed audio data, Virtual Bass for powerful bass without subwoofer, and other exciting sound technologies.

### Vocal Image Control

Clarion's Vocal Image Control allows you to precisely position the vocalist in the music for a powerful vocal and stage "like" performance for all the occupants in the car to enjoy.

### Sound Restorer

Restores compressed audio media such as MP3 or WMA enabling a more enriched reproduction sound quality.

AM/FM, SiriusXM®, CD,..... DVD Video Volume Smoother OFF DVD Video Volume Smoother ON

### Volume Smoother

Automatically adjusts the sound volume relieving the listener from complicated volume adjustments.

Digital Media Receiver With Full Cloud Connectivity

Enjoy music, videos and apps from your Smartphone through the FX504 large touch screen.

New

FX503

2-DIN MULTIMEDIA STATION WITH 6.2-INCH TOUCH PANEL CONTROL

Power Output: 18W x 4 RMS (4Ω@14.4V±1% THD+N)  
Signal to Noise Ratio: 78dB (Ref: 1W into 4Ω)

Smart Access, Android Connectivity, WORKS WITH PANDORA, micro SD, ((SiriusXM)) READY, Bluetooth, Intelligent Tune, HDMI HIGH-DEFINITION MULTIMEDIA INTERFACE, Made for iPod iPhone

**Designed to Put Everything within Finger's Reach.**  
Large icon graphics put a myriad of features at the tip of your finger, and blue-illuminated buttons are designed to be integrated with the frame. The flat face panel and cool black trimming give this 2-DIN unit undeniable presence.

A Growing Array of Car-Optimized Apps\*

Count on a growing variety of Smart Access compatible apps from third party content providers, as well as Clarion's original apps, to make your next drive more convenient, informative and entertaining. Apps are optimized for the in-car environment to maximize usability and keep you focused on driving. And since more apps are always on their way, you can continue to customize and upgrade your driving experience long after your purchase.

Smartphone Connectivity for Smartphone

Connect to FX503 for full Smart Access enjoyment. Requires optional accessories.

\* For video playback, an optional cable is required.  
\* Please see our website for details of compatible Smartphone models and apps.  
<http://www.clarion.com/us/en/support/index.html>

WORKS WITH PANDORA Enjoy Interactive Pandora® internet radio Anytime on the Road

Full Featured Value-Driven Navigation & Multimedia System

**microSD Card Slot for Navigation**  
Navigation map updates can be imported into the system through the microSD card. Just access the Clarion portal site using your PC, save data to a microSD card and insert it into the card slot on the front of the NX404. You're done in no time!

New

NX404

2-DIN DVD MULTIMEDIA STATION WITH BUILT-IN NAVIGATION WITH 6.2-INCH TOUCH PANEL CONTROL

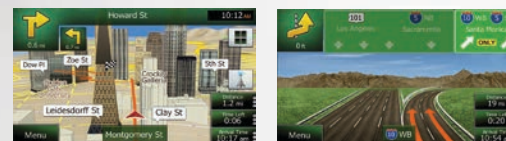

Power Output: 18W x 4 RMS (4Ω@14.4V±1% THD+N)  
Signal to Noise Ratio: 82dB (Ref: 1W into 4Ω)

DVD VIDEO, Bluetooth®, Android Connectivity, Made for iPod iPhone, WORKS WITH PANDORA, DOLBY DIGITAL, DIVX, HDMI HIGH-DEFINITION MULTIMEDIA INTERFACE, 720 color Key, Dual Rear USB

• Built-in Bluetooth for Hands-free Calling & Stereo Audio Streaming  
• 2-Zone Entertainment

GPS Navigation with Rich Graphics & Superior Functionality

The onboard navigation system features map coverage of all 50 states plus Puerto Rico and Canada. It includes 8GB of map storage, 11 million Points of Interest, and supports English, Spanish and French. 3D mapping includes elevation, 3D buildings and landmarks for select cities.

Smartphone Connectivity\* For Seamless Enjoyment of Your Favorite Music and Videos (NX404, VX404)

You can connect your iPhone® or Android™ smartphone to the NX404 or VX404 via HDMI™ and play the music and videos that are stored on it.

\* Please see our website for details of compatible smartphone models and apps at <http://www.clarion.com/us/en/support/index.html>

Enjoy Interactive Pandora® internet radio Anytime on the Road (NX404, VX404)

Pandora internet radio learns what you like and don't like! Give songs a "thumbs up" or "thumbs down" and see the system do the perfect selection for you in the future. Album artwork and Song information, as well as the ability to bookmark Artists/ Tracks and create your own station, are supported by the Pandora app on your Android Phone and iPhone\*\*.

\*\* The source unit plays iPhone or Android via Bluetooth. The source unit also plays iPhone via USB.

Link Your Digital Audio/ Video World To Your Car

Extensive Media Support for High-Quality Video and Audio Enjoyment

In addition to CDs and DVDs, the VX404 also supports playback of music and video files stored on iPod® and iPhone®, microSD card and USB Flash Drive. Incorporation of a high-speed CPU enables high-quality H.264 video as well as FLAC (Free Lossless Audio Codec) audio files to be enjoyed in your car.

New

VX404

2-DIN DVD MULTIMEDIA STATION WITH 6.2-INCH TOUCH PANEL CONTROL

Power Output: 22W x 4 RMS (4Ω@14.4V±1% THD+N)  
Signal to Noise Ratio: 78dB (Ref. 1W into 4Ω)

- Pandora® internet radio Capability
- 2-Zone Entertainment

Enjoy Your Apps on a Big-Screen

A simple cable connection makes it possible to display your smartphone screen on the source unit's monitor.

Pictures and video taken using your smartphone apps can be viewed with background music in your car.

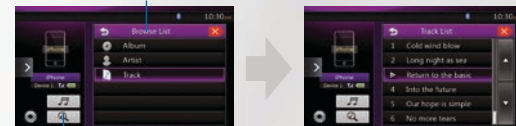

Bluetooth® For Hands-free Communication & Stereo Audio Streaming (NX404, VX404)

Built-in Bluetooth provides hands-free voice communication, compatible with a wide variety of mobile phones. A built-in microphone\* lets you talk and drive at the same time. Play music stored on any Bluetooth device, whether it's a mobile phone or a portable audio player, with wireless convenience.

\* Optional external Bluetooth microphone ready

Track List Operation Available \*\*

Music search  
\*\* Using a smartphone supporting the Bluetooth profile AVRCP1.4. (some types of audio device would not be supported.)

- 40W x 4 High Power Amplifier

The Source Unit that Makes Digital Media Enjoyment Simple. Front USB Slot with MP3/WMA Compatibility

## Watch Your Back!

**CC510**

### REAR VISION CMOS CAMERA

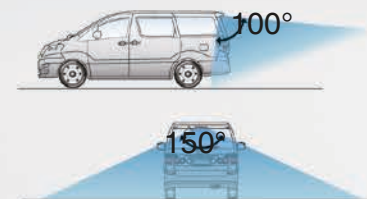

**CAU001**

### ILLUMINATED LICENSE PLATE FRAME FOR REAR VISION CAMERA

### Compact Automotive Camera with Distance Guide Lines (Red, Orange, Yellow, Green)

- 1/4" Color CMOS Sensor Technology
- High Visibility Day and Night Low
- Light Sensitivity: 0.5 lux
- 150 Degree Horizontal Viewing Angle
- 100 Degree Vertical Viewing Angle
- IP67 Water Ingress Protection
- ASTM D4329 (UV) Certified
- Auto Gain Control (AGC)
- Auto White Balance
- Mirror Image
- Active Pixels: 342,016 (668 horizontal x 512 vertical)
- Tilt and Swivel Mounting Bracket Included
- Video Output: NTSC
- Compact Connector
- Sealed Unit Construction
- 23-foot (7 m) RCA and Power Connections
- Dimensions (mm): 23 (H) x 23 (W) x 22 (D)
- Weight: 12 grams
- Compatible with CAU001 License Plate Frame Bracket

### 342,016-pixels CMOS Sensor

The high-resolution CMOS imaging device offers the driver a clear view of what's behind them, with low-noise images even in low-light environments such as an underground parking garage.

## Accessories

### CROSSOVER/EQUALIZER

#### MCD360 3-way Electronic Crossover

- 6/4/2 Channel RCA Input
- 6-Channel / 5-Volt RCA Outputs
- Adjustable Level Outputs for Front, Rear, and Subwoofer
- Subwoofer Bass Boost Control
- Remote Subwoofer Level Control Knob Included

#### EQS746 1/2-DIN Graphic EQ/Crossover

- 7-Band Graphic Equalizer
- 1/2-DIN Chassis
- 6-Channel / 7-Volt RCA Outputs
- Independent Master Volume and Subwoofer Level Control
- 2-Channel RCA AUX Input with Level Adjustment

### OPTIONAL ACCESSORIES

**CCA750**  
Audio/Video Connection Cable for iPod and iPhone for NX604/FX503/NX404/VX404/NZ503/CZ702/M704/VZ401/CMD8/M303/M502

**CCAUSBV**

Signal to Noise Ratio: 93dB (Ref: 1W into 4Ω)

- J1939 CAN Bus compatibility allows for control via your boat's multi-function display
- 3.5" Optically Bonded Color LCD
- Stainless Steel Chassis

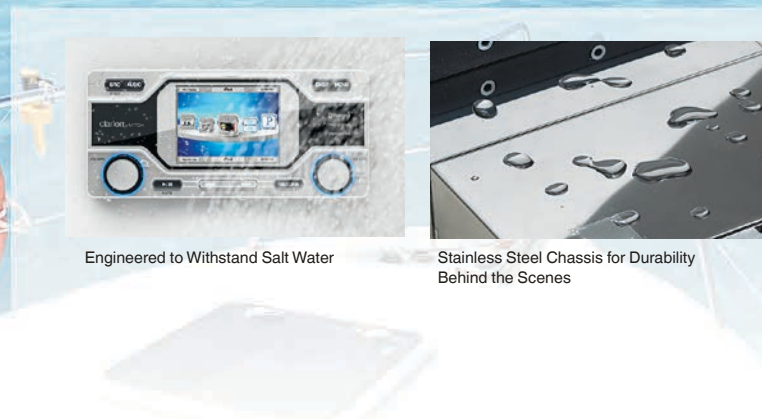

### Make Waves Any Way You Want

New

## CMS5

MARINE BLACK BOX WITH 4.3" COLOR LCD WATERTIGHT CONTROLLER WITH J1939 COMPATIBILITY

- J1939 CAN Bus compatibility allows for control via your boat's multi-function display
- 4.3" optically bonded color LCD
- SiriusXM-Ready
- Video input/output
- Rear vision camera composite video input
- Marine Dual Zone for independent source selection and independent volume control for each zone
- Source Volume Control (SVC) to adjust the volume level for each source

Engineered to Withstand Salt Water

Stainless Steel Chassis for Durability Behind the Scenes

### Engineered with Multiple Source Compatibility & Maximum Durability

Salt water is a marine source unit's worst enemy. But, don't worry, the M704 is IP66 tested and certified to provide you the best in water intrusion and salt water protection in its class. You can enjoy listening to a variety of sources including your Smartphone. Marine Dual Zone even lets two areas in your vessel enjoy two different sources. And, with the large icon-based user interface, operation is a breeze.

### Hideaway Source Unit for Installation Flexibility

Clarion's CMS5 is a source unit and a media hub, all rolled into one "black box". The essentials including AM/FM/Weather Band Radio are built in and, with a wide variety of connections including USB, you can easily build a system that can be customized to your exact needs.

### Watertight Marine CD/USB Receiver

(Optional RCX001)

### Seamlessly Supports all Your Media Preferences

CMD8 supports digital media of all kinds — CD, MP3 and WMA digital audio files on disc or USB memory, as well as playback of music stored on your iPod® or iPhone® complete with genre/album/song title search. Keep using the iPod interface that you're so familiar with, and enjoy great sound through your boat's audio system. ID3-TAG display is also supported so you'll be able to see the title information of music files being played back. Your music doesn't stop at shore, it's only just beginning.

Watertight Flip-down Face reveals loading slot for CD playback.

M502

MARINE BLUETOOTH DIGITAL MEDIA RECEIVER

Power Output: 18W x 4 RMS (4Ω @ 14.4V ± 1% THD+N)  
Signal to Noise Ratio: 83dB (Ref: 1W into 4Ω)

- Bluetooth Stereo Audio Streaming and Hands-free Calling
- Rear USB Port with iPod and iPhone Audio Direct Connect

Superior iPod & iPhone Connectivity

Using your iPod® or iPhone® on your boat just got more convenient. Control of USB-connected iPod or iPhone via optional compatible Clarion wired remote, is convenient, easy and fun!

7-way Rotary Volume Control & 20 Key Remote

The large volume control knob operates much like an iPod wheel. Combined with the ergonomically symmetrical design of the unit, it provides comfortable and intuitive access to a variety of functions even while driving — just push, tilt and turn. Fine details can be set with ease using the provided 20 key remote control.

System Control from Anywhere Onboard

M109

MARINE CD RECEIVER WITH DETACHABLE PANEL

Power Output: 20W x 4 RMS (4Ω @ 14.4V ± 1% THD+N)  
Signal to Noise Ratio: 85dB (Ref: 1W into 4Ω)

- AM/FM/CD/MP3/WMA
- Front 3.5mm AUX Input
- Detachable Control Panel

**MW4** New  
Watertight 2.8" Optically Bonded Color LCD Marine Wired Remote Control  
for M704, CMS5, CMS2, CMD8, CMD7, CMD6, CMV1, CMS1, M303, M502 and M309

**MF1**  
RF Wireless Remote Control for M704, CMS5, CMS2, CMD8, CMD7, CMD6, CMV1, CMS1, M303, M502 and M309  
Also compatible with Clarion car source units that are OEM Steering Wheel Remote Control Ready

OPTIONAL ACCESSORIES				
<b>MW1</b> 2-Line LCD Display Marine Remote *3" Hole Cut out is required.	<b>MW2</b> Marine Remote *2-1/8" Hole Cut out is required.	<b>CCAUSBAV</b> 3.5mm/USB Audio/Video Extension cable	<b>MWFXCRET</b> 25ft Marine Remote Extension Cable	<b>MWRYCRET</b> Remote Y-Cable
